1. Organisation Overview

Name: Anime Haven

Founded: 2026

Overview: Anime Haven is a thriving retail business committed to introducing South African enthusiasts to Japanese pop culture. The company, which was founded by ardent anime fans, specializes in offering premium anime figurines, manga volumes, and posters that honor cherished characters and shows.

Our mission is to provide genuine items and cultivate a community that values Japanese art and storytelling in order to establish a sanctuary for fans of anime.

Vision: To become the top anime merchandise retailer in South Africa, renowned for excellence, originality, and client interaction.

Teenagers and young adults between the ages of 15 and 35 who have a strong interest in Japanese pop culture, anime, and manga are the target audience.

2. Website Objectives and Goals

Establishing a strong online presence that increases brand visibility and boosts sales is the main objective of the Anime Haven website. Goals consist of:

Growing consumer interaction and internet traffic.

Offering a smooth online shopping experience for posters, manga, and figurines.

Creating a community with interactive features, reviews, and newsletters.

Monthly website visits, conversion rates, and customer feedback ratings are examples of key performance indicators (KPIs).

3. Proposed Functionality and Features of the Website

The webpage will consist of:

Homepage: Contains promotional offers, product highlights, and a hero banner.

About Us: Outlining the company's background, goals, and personnel.

Products Page: Listings that are categorized and include prices, descriptions, and pictures.

Contact Page: A form for customer service and questions.

Community Section: Blog posts, reviews, and upcoming event announcements.

Interactive features such as a search bar, shopping cart, and secure checkout will enhance usability.

4. The User Experience and Design

Deep red, black, and white are combined in this color scheme to convey refinement and vitality.

Typography: For style and readability, use contemporary sans serif fonts.

Layout: Simple, grid-based design with mobile-friendly components and easy navigation.

The design will preserve professionalism while capturing the thrill of anime culture.

5. Technical specifications

The website will be constructed with HTML, CSS, and JavaScript and hosted on GitHub Pages, a dependable platform. For local relevance, the domain registration will utilize the a.co.za extension.

6. Schedule and Significant Events Weeks 1-2: Planning and research. • Weeks three and four: content integration and HTML structure. • Weeks five and six: responsive design and CSS style. • Weeks seven and eight: SEO optimization and JavaScript functionality. • Week 9: Deployment and testing.

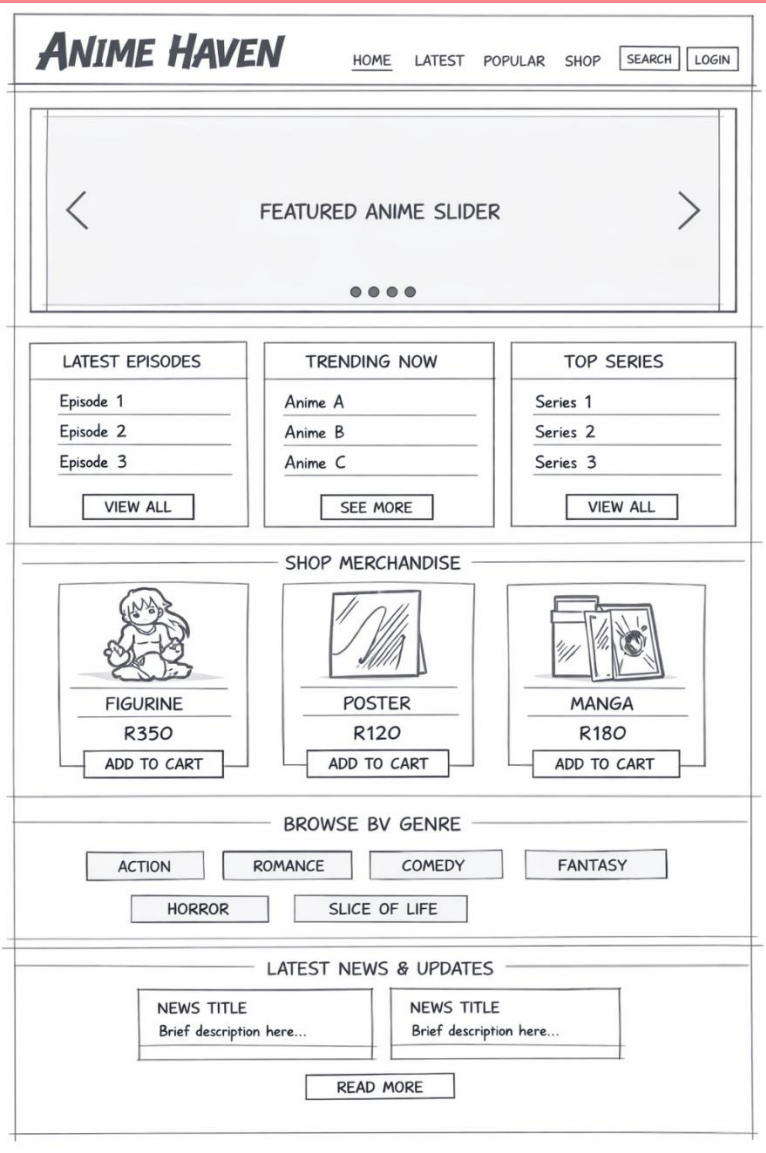

7. Budget

The domain, hosting, and maintenance are expected to cost between R3,000 and R5,000. To cut costs, development will be finished internally.

8. References

All images, fonts, and code snippets will be sourced from Creative Commons and open-source repositories, cited using the Harvard referencing style
